

The Swiss Association for Quality and Management Systems SQS is an independent not-for-profit organization which was established 1983. SQS is the market leader in its sector in Switzerland and has operations on a global level. SQS is dedicated to providing its clients with high quality, value added services.

SQS achieved accreditation as a DOE in early 2009; this provides the opportunity to play an important role in the new and rapidly growing global climate business.

As to expand our Climate Services team we are looking for a dynamic and highly professional

## **Climate services auditor/ technical expert**

### **Main responsibilities**

- To provide high quality validation and verification of emission reduction projects (mainly CDM, VCS and Gold Standard)
- To act as validator/verifier or technical expert for complex international emission reduction projects
- To conduct on site assessments of emission reduction projects in different cultural settings
- To contribute to and support other climate services (e.g. ISO 14065)

The details of the role and the contribution made to our Climate Services will be moulded around the experience and skills of the successful applicant.

### **Your knowledge and experience**

- Masters, PhD or equivalent level qualification in environmental sciences
- Broad knowledge and understanding of global climate change
- Sound and demonstrated knowledge and understanding of the international validation and verification processes regarding emission reduction projects
- Excellent and demonstrated technical expertise in at least 2 UNFCCC sectoral scopes

### **Your skills**

- Strong analytical, numerical and problem solving skills
- Ability to make final decisions on issues raised during validation and verification
- English proficiency, working knowledge of German
- Teamwork as well as time and project management

### **We offer**

- Responsible tasks with high autonomy
- Committed teams to collaborate with
- Home office
- Open corporate culture with excellent social security benefits
